#### CustomerProblemStatementTemplate:

Create a problem statement to understand your customer's point of view. The CustomerProblem Statement template helps you focus on what matters to create experiences peoplewilllove.

A well-articulated customer problem statement allows you and your team to find the idealsolution for the challenges your customers face. Throughout the process, you'll also be ableto empathize with your customers, which helps you better understand how they perceiveyourproductorservice.

<b>I am</b>	Describe customer with 3-4 key characteristics - who are they?	Describe the customer and their attributes here
<b>I'm trying to</b>	List their outcome or "job" the care about - what are they trying to achieve?	List the thing they are trying to achieve here
<b>but</b>	Describe what problems or barriers stand in the way - what bothers them most?	Describe the problems or barriers that get in the way here
<b>because</b>	Enter the "root cause" of why the problem or barrier exists - what needs to be solved?	Describe the reason the problems or barriers exist
<b>which makes me feel</b>	Describe the emotions from the customer's point of view - how does it impact them emotionally?	Describe the emotions the result from experiencing the problems or barriers

## USER PERSPECTIVE:

Problem Statement(PS)	I am (USER)	I'm trying to	But	Because	Which makes me feel
PS-1	Is it belonging all the age groups	Share my status to Everyone	Is it any compulsion to do that	It makes me embarrassed	As an influence person by spreading an irrelevant content to my native areas
PS-2	If an mobile app user whether we give all personal details what the app expecting from us.	The Given details are should be verified by an admin side.	There are many apps can't secure the data in a proper manner	The updation of an app can't be prolonged.	Unsecured to give my personal data.
PS-3	Whether the updation of containment zone are plotted in a really affected area.	There is any way to share the alerted zone to others	It has any constraint to share the location within the particular distance.	I am trying to reach beyond the areas.	Niche intimate to our others.
PS-4	The alert messages are received by where only entered into the alerted zone	To stay awake from the alerted zone	Usage of mobile phone are taken out frequently to check out the messages	Just to check out whether I entered into the containment zone or not.	Phone holder for the frequent usage.
PS-5	There is any feature to connect the Emergency Service.	When there is an help situation appeared.	The connection to help line responses much earlier	On that hectic moment it was a only hope.	Pulled down into the blind mind
